# INTRODUCTION

---

**DeFiGram is a social Media Platform, which Rewards it's User's for Engaging with and Advertising Associated Brand's in a Fun and Interactive way. Via this App, Any Brand, Product, or Service Provider can Launch their Own Social Media Page at our Platform and Simultaneously Reward Users Engagement and Advertising Efforts in DFG Token's.**

**The Token will be Used as a Bonus for our Promoter's Around the World. They can Redeem their Earned Bonus from Defi-Gram Platform in any Exchange DFG is Listed.**

**We have a Wide Affialates Network so the Token will Start Getting More Use Cases as our Social Media Platform Grow's.**

# PROBLEM STATEMENT

---

- **It's Slightly Complex to Search For Certain Crypto Interest's on Traditional Social Platform's.**
- **Social network Revenue Depends on Advertisements, which is Disruptive Toward's the End User.**
- **People are Seeking for a New Crypto Social Experience.**
- **Social Networks Serve One Purpose: To Increase It's Wealth by Utilising your Personal Data to Display Targeted Advertising.**
- **Users do not get Rewarded for Creating new content or Using It's Platform No Matter How Successful it Get's**

# DFG SOLUTION STATEMENT

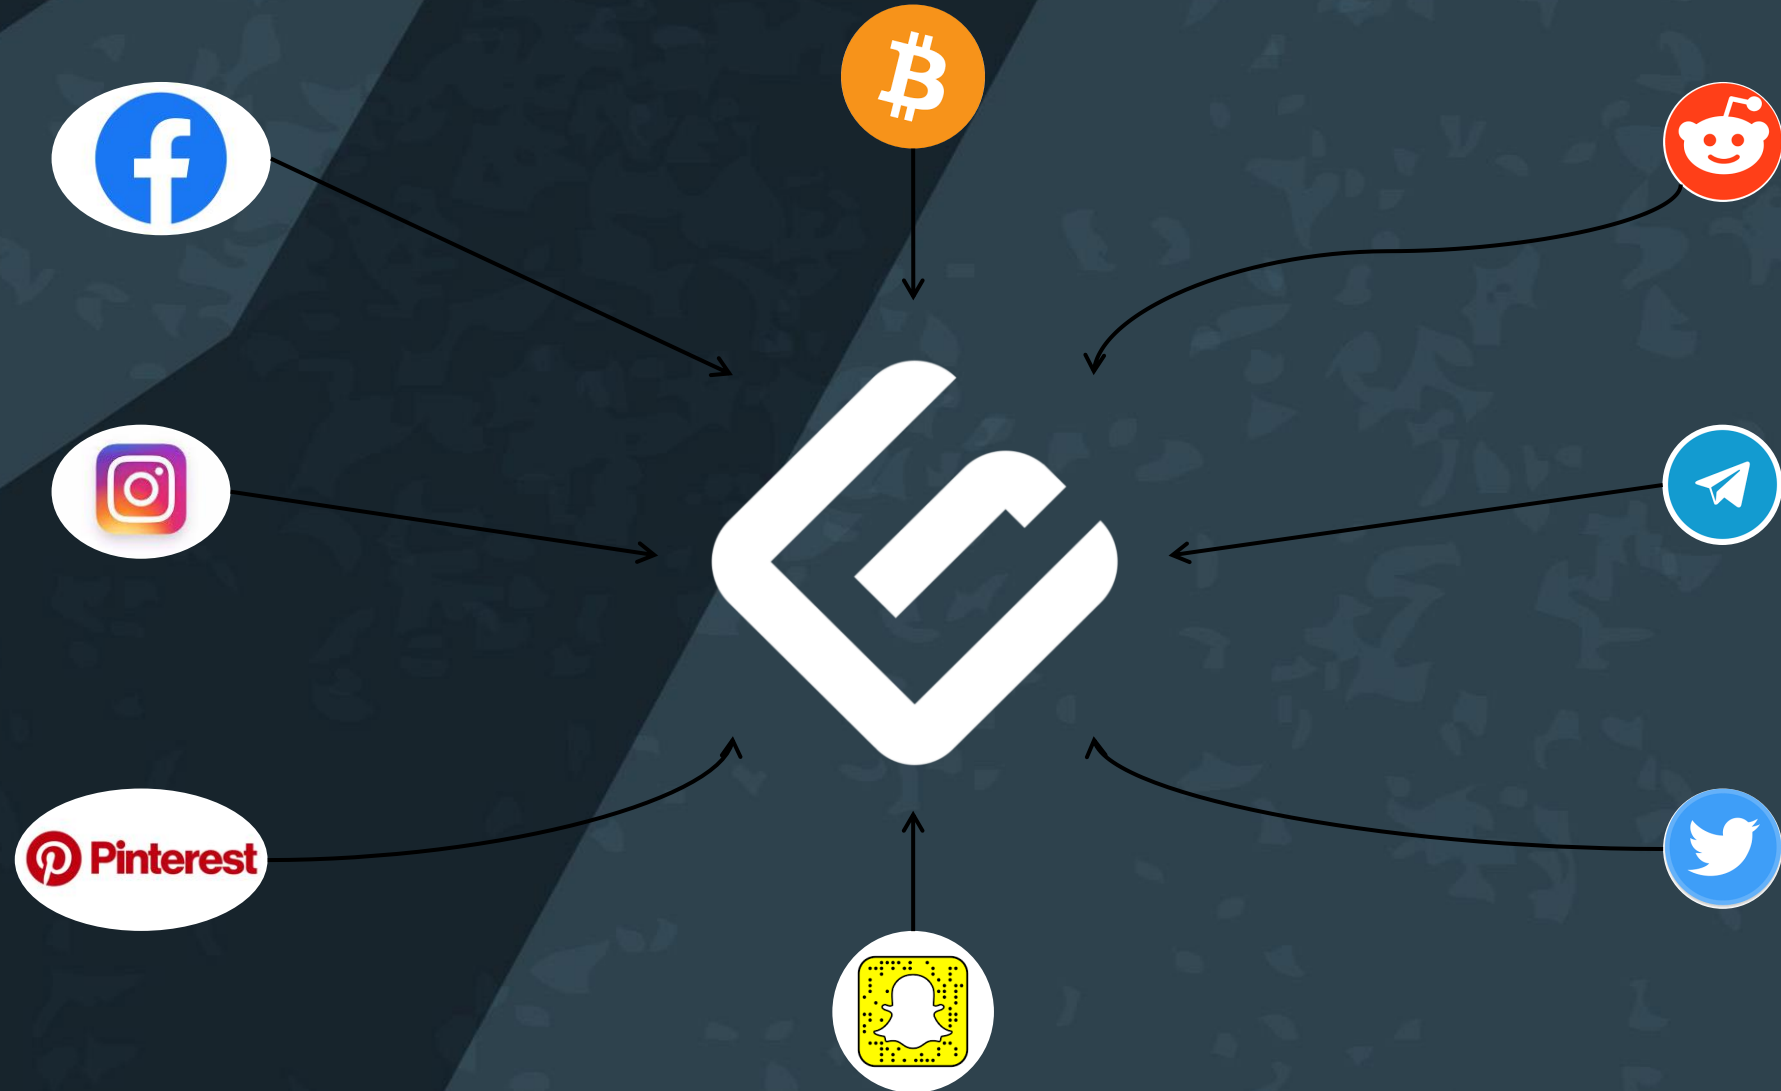

---

- **Users have More Control Over the Privacy of their Information**
- **New and Unique Marketing Trends for Businesses.**
- **Users Receive Discretionary Rewards from DEFI-GRAM Based on their Activity on the Platform**
- **All the Cryptocurrency Related Interest's at One Place can be Achieved**
- **Users Receive a Share of Advertising Revenue Based on how their Engagement on the Social Network Might Enhance Advertising Prospects for Business User's.**
